

# PFT Rubber mixing tube

**Restart on the spot!**

The mixing tube made by PFT with the exchangeable rubber mixing zone.

## TECHNICAL DATA

Part no.	00 44 79 11
Weight	19.1 kg

## ADVANTAGES AT A GLANCE

- long-life rubber mixing zone as economic wear-and-tear part
- easy and intensive cleaning, nearly self-cleaning
- no permanent material sticking
- perfectly suitable for the application of glueing mortars
- adaptable to all mixing pumps PFT Gseries since 2013\*

\* Retrofitting of older machines is only possible if the starwheel motor is exchanged also. However, a short starwheel motor is essential.

## SCOPE OF SUPPLY | ACCESSORIES

**Scope of supply consisting of**

**Part no.**

- 00 28 04 68 Mixing tube G 4 without handle with adaptable flange
- 00 19 52 32 Rubber mixing tube
- 00 19 52 41 Suction flange for D-pump

**Accessories**

**Part no.**

- 00 19 52 43 Suction flange for R-pump
