

# PFT SILOMAT trans plus bag

Perfect for job sites without space for silos

No place on the job site? With the SILOMAT trans plus bag large amounts of material can be transported without an silo. All with one – the compact conveying unit for material in bags and also in silos.

## TECHNICAL DATA

Part no.	00689527
Conveying distance	140 m
Conveying output	20 kg/min
Motor	400 V, 3 Ph, 50 Hz
Compressor	Capacity: 7.5 kW Max. Pressure: 2.5 bar Air flow: 145 Nm³/h
Conveying pot content	60 l
Filling height	950 mm
Dimensions: L/W/H	1,150 / 660 / 745 mm
Weight	~ 305 kg

## ADVANTAGES AT A GLANCE

- 1** Fluidiser: Boosts and ensures the material flow; the vessel is nearly completely emptied
  - Maintenance-free
  - Resistant to humidity
  - Can be retrofitted
  - Performance increase by up to 30 %
- 2** Compressor is a dry running; no oil change needed
- 3** Crane transport eyes and fold-out carrying handles
- 4** Suitable for container/silo discharge flange Ø 250 mm
- 5** Easily replaceable seals
- 6** Socket for lift truck
- 7** Socket for fork lift
- 8** Bypass: manually controllable for stiff materials and longer delivery reaches
- 9** Long machine running times with a high level of operational reliability
- 10** Easy replacement of wear parts – also on site
- 11** Shut-off valve with actuator and handwheel
- 12** Rotary compressor: as rollable and portable execution available
- 13** Lateral de-aeration in the pot – speeds up and secures the filling procedure, no air cushion formation in the pot
