RITMO L smart: Features

The perfect machine for beginners for small to medium construction projects. The compact **230 V machine** is ideal for renovation and refurbishment work and makes your construction site **SMARTER**. Save your strength and achieve professional results with ease - thanks to **PFT RITMO L smart**.

Easy transport

- possible by only 1 person
- fits in any estate car
- easy dismantlable into single modules
 - chassis
 - pump motor with protection grill
 - material hopper

Large loading area

- encourages ergonomic work
- easy handling
- fast and easy cleaning

Flow-optimized outlet

- ideal hose routing
- prevents kinks and restriction
- reduces risk of blockage
- constant flow rate

FIELDS OF APPLICATION

- Interior plaster
- Finishing coat
- Floor levelling compound
- Filler
- Fire protection mortar
- Frame grouting mortar
- Adhesive and reinforcing mortar

Perfect beginner's machine

- easy handling during setup, conversion, maintenance and cleaning

External vibrator

Note: included with variant 00790473

- improved material flow
- reduces tunneling

Control cabinet or cable set

- latest technology
- quickly operational again in the event of a malfunction

Mortar pressure gauge

- increased security
- easy to read the working pressure
- monitoring of pump service life

Water pump

Note: included in variant 00790474

- trouble-free operation of the machine at low water pressure
